

YOGESH KUMAR PATI

Product Manager

PROFESSIONAL SUMMARY

Dynamic and results-driven professional with over 5 years of experience in product management, business development, and data analytics. Skilled in leading cross-functional teams, crafting data-driven product strategies, and product marketing. Proficient in leveraging tools like ChatGPT and data visualisation platforms to enhance product performance. Certified Agile Scrum Master with hands-on experience in agile methodologies, A/B testing, and UI/UX design. Passionate about creating innovative products that resonate with customers and drive business growth. Seeking a Product Manager role to contribute expertise to impactful product development.

ACCOMPLISHMENTS

Developed FuSION CRM

Pioneered the creation of a CRM for MSMEs with AI-driven insights as a project during the Product Management course from FutureVersity. Responsibilities and contributions involved:

- Conducted market analysis, defined USP, and developed a strategic roadmap.
- Designed UI/UX using Canva; developed with HTML, CSS, and GitHub.
- Created customer personas and user stories; managed agile development in JIRA.
- Authored PRD and BRD; prioritised features using Gantt charts.
- Implemented analytics dashboards and conducted A/B testing.

Deployed Learn Smart Services Platform

Set up an educational consultancy in Hyderabad, focusing on student admissions and partner interactions. Key contributions included:

- Conducted market analysis and defined business objectives.
- Designed processes for student registration and consultations.
- Developed customer personas and managed the project using agile methodologies.
- Collaborated with partners and authored PRD and BRD documents.
