To whomsoever it may concern,

Dear Sir/Madam,

Yogesh Pati interned at our company- Ecolibrium Energy in the Marketing and Customer Connect Department.

During his stint with us, he helped with ongoing Marketing and Customer engagement activities.

He was quick to grasp concepts and his work was punctual and up to the mark. He showed a keen interest in marketing and was enthusiastic to learn new concepts and processes.

We observed that he is inclined to and has a natural flair for marketing and strongly believe that he will be an asset to any team that he is part of.

Regards,

**Namrata Venkatesan**

Marketing Manager
